

The Chairman's statement on behalf of the Management Board on the invasion of Ukraine

We are appalled and horrified by the scenes of the Russian invasion of Ukraine.

We condemn this unprovoked act of war and stand in solidarity with the people of Ukraine, in the defence of their sovereignty, independence, and democratic freedoms.

Our thoughts are with Ukrainian citizens who are in harm's way and those fleeing the war.

For all Guild members affected by this situation, our thoughts are with you and your loved ones.

Mike Peters

Chairman
